

63H-2-301 Prioritization of energy delivery projects.

- (1) The board shall review the location and availability of energy sources in the state.
- (2) The board shall:
 - (a) determine if there is adequate infrastructure and capacity to bring energy sources to market;
 - (b) prioritize projects on the basis of:
 - (i) location;
 - (ii) supporting responsible energy development;
 - (iii) feasibility of development; and
 - (iv) economic development factors; and
 - (c) provide available funding to develop energy resource plans to provide for energy infrastructure development, including development of an integrated resource plan.
